SUMMARY

- **Cofounder and CTO at Cureazzy:** Developed Cureazzy's website using MERN stack and supervised backend development.
- **Extensive coding experience:** Proficient in multiple programming languages and adept at building web applications.
- **Strong leadership skills:** Managed and guided junior developers and UI/UX designers.
- **Effective communicator:** Collaborated effectively with Cureazzy's development team.

EXPERIENCE

Web Development Intern | Pixel Bridges | Bengaluru | September 2023 - October 2023

- Employed HTML, CSS, Javascript along with ReactJS to create Modern Websites for customers.
- Developed user interactive websites utilizing ReactJS and Nodejs and utilized ES6 standards for coding.
- Collaborated in a 4-person team to build custom websites exceeding client expectations.
- Strong communication and problem-solving skills ensured smooth project delivery and consistent client satisfaction.

PROJECTS

Cureazzy Web Application | Cureazzy | <https://profound-lily-baf58c.netlify.app/> | April 2023 - Present

- Tech-driven co-founder & CTO at Cureazzy. Leading a team of 12 to build a healthcare platform. Crafting user-friendly front-ends, seamless appointment booking. Supervising backend operations for smooth data flow and ensuring best practices for a RESTful API.
- ReactJS: Dynamic front-end for user-friendly experience.
- NodeJS & Express: Robust backend architecture.
- MongoDB Atlas: Scalable database for patient data, clinic data and doctor data.

Folder Organization Python App | <https://github.com/dark-byte/Sort-Files> | August 2021 - September 2023

- Developed a Python desktop app that tackles messy folders. Automatically categorizes files based on extension type, bringing instant order.
- Modern UI/UX: Implemented the Eel library for a sleek and intuitive interface, leveraging HTML, CSS, and Javascript.
- Python Proficiency: Demonstrated strong skills in Python development and library integration.

Password Vault Application | <https://github.com/dark-byte/Password-Vault-PY> | April 2023 - May 2023

- Secure Password Guardian: Built a Python application that safeguards your passwords.
- SQL Database Integration: Seamlessly stores encrypted passwords within a SQL database for efficient management.
- Enhanced Security: Employs a master password system and Encryption of Passwords for robust protection and controlled access.

EDUCATION

Bachelor of Engineering - BE, Computer Science | PES Institute of Technology & Management, SHIVAMOGA | Shivamogga, Karnataka | 2025

High School Diploma, Computer Science | Delhi Public School, Durgapur | Durapur, West Bengal | 2021

CERTIFICATIONS

Certificate Of Internship | Pixel Bridges | 2023

- Gained valuable IT expertise and insights through a successful internship at Pixel Bridges, honing relevant skills in the Web Development Domain.

Beginner Full Stack Web Development: HTML, CSS, React & Node | Udemy | 2021

- <https://www.udemy.com/certificate/UC-59c5fb6f-c7d9-40f2-8d48-1c737bbc5b02/>

SKILLS

Industry Knowledge: Software Development, Programming Languages, Database Management System (DBMS), Computer Science and Engineering, Web Design, Web Development, Responsive Web Design, Back-End Web Development, Full-Stack Development, Data Structures, Algorithms.

Tools & Technologies: React JS, Angular JS, HTML5, CSS, es6, RESTful WebServices, Java, JavaScript, C, C++, Python, MERN Stack

Languages: English, Hindi, Bengali
